MADELINE COX ARLEO
U.S. MAG. JUDGE

UNITED STATES DISTRICT COURT
DISTRICT OF NEW JERSEY

UNITED STATES OF AMERICA	:	Hon. Madeline Cox Arleo
	:	
v.	:	Magistrate No. 11-8236
	:	
RAMESHCHA KANIA,	:	
a.k.a. RAMESH KANIA	:	CRIMINAL COMPLAINT

I, the undersigned complainant, being duly sworn, state the following is true and correct to the best of my knowledge and belief:

SEE ATTACHMENT A

I further state that I am a Special Agent with the Department of Health and Human Services, Office of the Inspector General, and that this Complaint is based on the following facts:

SEE ATTACHMENT B

continued on the attached pages and made a part hereof.

 John Croes, Special Agent
 Department of Health and Human Services
 Office of the Inspector General

Sworn to before me and subscribed in my presence,
December 9, 2011 at Newark, New Jersey

HONORABLE MADELINE COX ARLEO
UNITED STATES MAGISTRATE JUDGE

Signature of Judicial Officer

ATTACHMENT A

From at least in or about 2010 through at least in or about November 2011, in the District of New Jersey, and elsewhere, defendant

RAMESHCHA KANIA
a.k.a. RAMESH KANIA

did knowingly and willfully solicit and receive remuneration, directly and indirectly, overtly and covertly, in cash and in kind, that is, a kickback, from Orange Community MRI in return for referring patients to Orange Community MRI for the furnishing or arranging for the furnishing of items and services for which payment may be made in whole or in part under a Federal health care program, as described in Attachment B below.

In violation of Title 42, United States Code, Section 1320a-7b(b)(1)(A), and Title 18, United States Code, Section 2.

ATTACHMENT B

I, John Croes, am a Special Agent with the Department of Health and Human Services, Office of the Inspector General (“HHS-OIG”). I have knowledge of the facts set forth herein through my personal participation in this investigation and through oral and written reports from other federal agents or other law enforcement officers. Where statements of others are set forth herein, these statements are related in substance and in part. Since this Criminal Complaint is being submitted for a limited purpose, I have not set forth every fact that I know or other law enforcement officers know concerning this investigation. I have only set forth those facts that I believe are sufficient to show probable cause exists to believe that the defendant has committed the offense set forth in Attachment A. Where I assert that an event took place on a particular date, I am asserting that it took place on or about the date alleged.

1. At all times relevant to this Complaint:

a. Defendant RAMESHCHA KANIA, a.k.a. RAMESH KANIA was a physician licensed in New Jersey practicing internal medicine. KANIA operated an office at 310 Central Avenue in East Orange, New Jersey.

b. Orange Community MRI (“OCM”) was located at 345 Henry Street, Suite 102, Orange, New Jersey. OCM provided services to patients that included magnetic resonance imaging (“MRIs”), ultrasound imaging (“Ultrasounds”), echocardiograms (“Echos”), computed axial tomographies (“CAT Scans” or “CT Scans”), and dual-emission X-ray absorptiometries (“DEXA Scans”) (collectively, the “diagnostic tests”).

c. There was a Cooperating Witness (the “CW”) who held himself out to be

an individual acting on behalf of OCM. Starting from in or about late September 2011 to in or about December 2011, the CW did so at the direction and under the supervision of HHS-OIG.

2. The Medicare Program (“Medicare”) is a federal program that provides free or below-cost health care benefits to certain individuals, primarily the elderly, blind, and disabled. Medicare is a “Federal health care program” as defined in Title 42, United States Code, Section 1320a-7b(f). Individuals who receive benefits under Medicare are commonly referred to as “beneficiaries.”

3. The Medicare Part B program is a federally funded supplemental insurance program that provides supplementary Medicare insurance benefits for individuals aged sixty-five or older, and certain individuals who are disabled. The Medicare Part B program pays for various medical services and diagnostic testing, including MRIs, Ultrasounds, Echos, CT Scans, and DEXA Scans for beneficiaries.

4. The Medicaid Program (“Medicaid”) is a jointly funded, federal-state health insurance program that provides certain health benefits to the disabled, as well as individuals and families with low incomes and resources. The federal involvement in Medicaid is largely limited to providing matching funds and ensuring that states comply with minimum standards in the administration of the program. Medicaid is a “Federal health care program” as defined in Title 42, United States Code, Section 1320a-7b(f). Individuals who receive benefits under Medicaid are commonly referred to as “beneficiaries.”

5. The federal Medicaid statute sets forth the minimum requirements for state Medicaid programs to qualify for federal funding, which is called federal financial participation. 42 U.S.C. §§ 1396 et seq. In New Jersey, the New Jersey Medical Assistance Program is

administered by the New Jersey Department of Human Services. Under New Jersey law, Medicaid pays for certain medical services and diagnostic testing, including MRIs, Ultrasounds, Echos, CAT Scans, and DEXA Scans for beneficiaries.

6. At all times relevant to this Complaint, OCM was a Medicare- and Medicaid-approved provider of, among other things, diagnostic testing, including MRIs, Ultrasounds, Echos, CAT Scans, and DEXA Scans.

The Kickback Scheme

7. Starting at least in or about 2010, individuals acting on behalf of OCM made cash payments to certain New Jersey health care practitioners, including KANIA, in exchange for referring patients to OCM for diagnostic tests.

8. After the end of each calendar month, individuals acting on behalf of OCM, including CW, printed OCM patient reports that included, among other information, dates of service, patient name, the referring health care practitioner, the kind of medical insurance to be billed, and the diagnostic tests performed (the "Kickback Reports"). There was a separate Kickback Report printed for OCM patients who received MRIs, Ultrasounds, Echos, CAT Scans, and DEXA scans. The Kickback Reports were then used to tally the number of OCM patient diagnostic tests referred by each doctor and the type of insurance used, and the results of these tallies were used to determine the amount of the kickback payment paid by OCM to the health care provider. In the event the Ultrasound Kickback Report indicated that OCM performed an Ultrasound on both the right and left portions of a patient (e.g., right venous doppler and left venous doppler), the right and left Ultrasounds counted as only one diagnostic test for the purpose of calculating the kickback payment.

9. Pursuant to KANIA's agreement with OCM, KANIA was to receive payment from OCM for each Medicare or Medicaid beneficiary MRI or CAT Scan referred to OCM. Pursuant to the same agreement, KANIA also was to receive payment from OCM for certain privately-insured patient MRI or CAT Scans referred to OCM. In the event a patient referred to OCM paid for diagnostic tests directly and not through Medicare, Medicaid, or an insurance plan (i.e., the patient "self-paid" for the tests), then KANIA did not receive any payment.

10. On or about October 4, 2011, KANIA met with CW at KANIA's office located at 310 Central Avenue, East Orange, New Jersey. During this meeting, KANIA accepted from CW a white envelope containing \$740 in cash, which included payments for patients KANIA referred to OCM during July and August 2011.

11. During this meeting, KANIA replied "Ok" when CW told KANIA that he had "July and August" for KANIA. KANIA and CW then discussed the equipment at OCM, and KANIA asked CW if OCM did mammograms, to which CW replied that OCM did not, but told KANIA "but if you have more scans . . .", and KANIA replied "The more is merrier, you know?"

12. According to the MRI Kickback Report, for September 2011, KANIA referred a total of 5 MRIs to OCM; 3 of those 5 tests were for Medicare or Medicaid beneficiaries. According to the CAT Scan Kickback Report, for September 2011, KANIA referred a total of 2 CAT Scans to OCM; neither were for Medicare or Medicaid beneficiaries.

13. On or about October 13, 2011, KANIA met with CW at KANIA's office located at 310 Central Avenue in East Orange, New Jersey. During this meeting, KANIA accepted from CW a white envelope containing \$550 in cash, which included payments for the 3 MRIs referred to OCM and performed on Medicare or Medicaid beneficiaries.

14. During this meeting, KANIA replied "Ok" when CW told KANIA, in sum and substance that KANIA that he was being paid for MRIs and CT Scans. KANIA then responded "Ok" after CW told KANIA that he was short five dollars owed to KANIA, but that he would "give it to you [KANIA] next time."

13. According to the MRI Kickback Report for October 2011, KANIA referred a total of 4 MRIs to OCM; 3 of those 4 tests were for Medicare or Medicaid beneficiaries. According to the CAT Scan Kickback Report for October 2011, KANIA referred a total of 4 CAT Scans to OCM; at least 2 of those 4 tests were for Medicare or Medicaid beneficiaries.

14. On or about November 10, 2011, KANIA met with CW at KANIA's office located at 310 Central Avenue in East Orange, New Jersey. During this meeting, KANIA accepted from CW a white envelope containing \$460 in cash, which included payments for the 3 MRIs referred to OCM and performed on Medicare or Medicaid beneficiaries, as well as the 2 CAT Scans referred to OCM and performed on Medicare or Medicaid beneficiaries.

15. During this meeting, KANIA told CW, in sum and substance, that he would send what business he has, after CW asked him to see if he could send more business to OCM. CW also explained to KANIA that he was being paid for four MRIs and 4 CAT Scans.
